Five Friends (Alvin, Bart, Carol, Doug and Erin) have agreed to meet up for dinner. Can you deduce in what order they arrived at the restaurant as well as determine their hobbies (band, cooking, hiking, karaoke, or photography)

Clues:

- Erin who arrived after the cooking enthusiast, doesn't like to hike.
- The hiking fan, and Alvin arrived back-to-back.
- The karaoke fan arrived third; the hiker didn't arrive last.
- Doug arrived before Carol, who likes to cook.
- The photographer and Erin arrived back-to-back.
